Good Luck

Lexington's Public Works Department would like to offer the residents on corner lots or curved streets, free curb markers that you can place directly at the curb to help the plow drivers save some sod on the first few snow falls. Once the snow banks get built up and they are wing plowed further back, the markers will get broken off and will not be needed any more. The markers will be available at city hall. You can also mark utility, cable, phone boxes etc.

Garbage Cart Placement

Snowplow crews rely on residents' help to place garbage, recycling and yard waste carts behind the curb when it is trash pick-up day. Carts placed in the street interfere with snowplowing operations. Crews are unable to plow the streets from curb-to-curb when carts are in the street. If trash / recycling pickup day coincides with plowing activities, make sure your trash can and recycling bin are well behind the curb or in the driveway so the plow & the snow pushed up from the plows will not hit them.
