Option 2

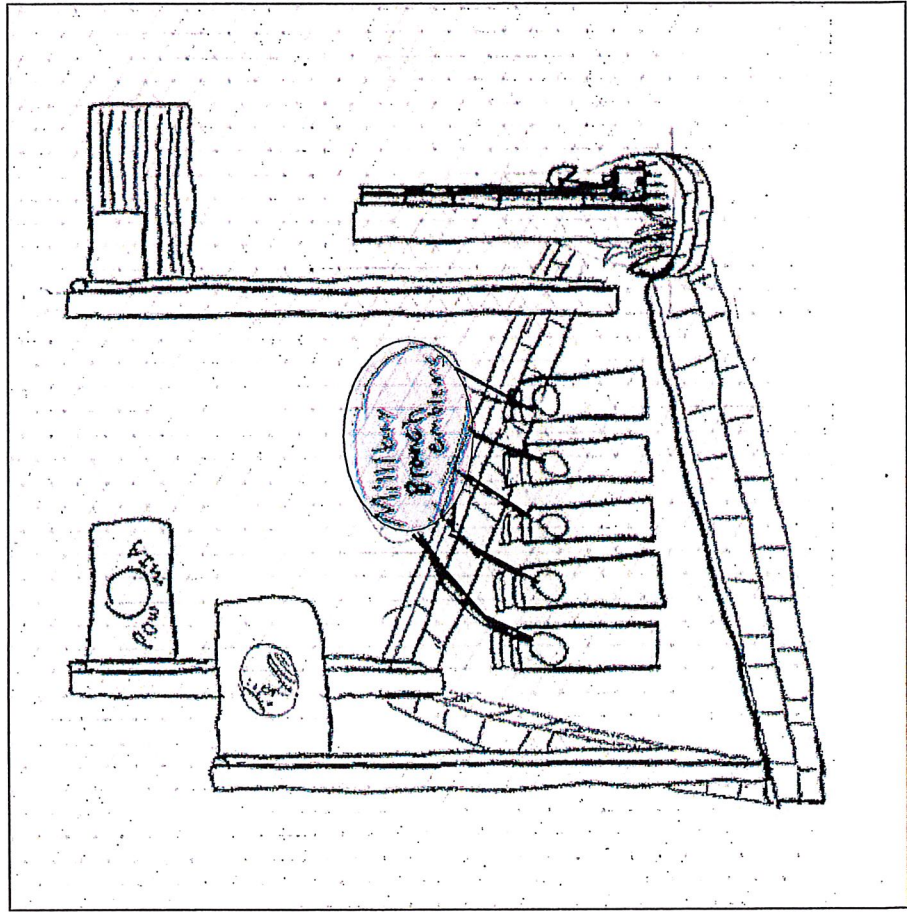

Materials needed for Option 2 that weren't needed for Option 1

- A lot more bricks
- A lot more flowers

Predicted Cost

\$900-\$1300

Option 3

Materials needed for option 3 that weren't needed for option 1

- A lot more bricks
- A lot more flowers
- 10 wooden posts
- 2 sets of the 5 military emblems

Predicted Cost

\$1150-\$1550

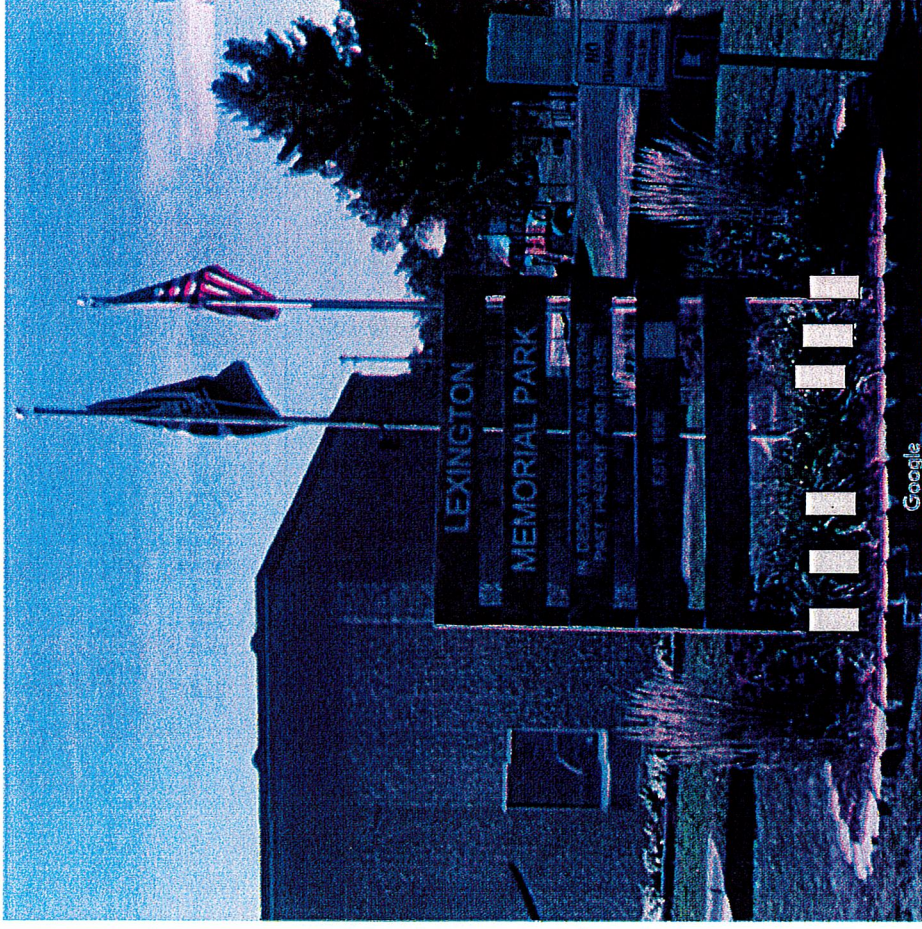

Lighting

Solar Lighting-More expensive for me, and are more likely to break.

Normal Lighting-Less likely to break, but a power line would need to be run from the public works building to the lights.

I would like lights showing the sign and statue. So there placement would be here.

Option 4

What are your thoughts? Any additions you would make, which one do you like best, maybe combining one aspect from one option with another aspect from another option.

THANK YOU
