Petracek stated that he and Mayor Kurth wanted to discuss these salaries with the Council. He added that they both feel these salaries need to be adjusted. Kurth asked if we can do a salary survey on comparable communities for the Mayor and City Council salaries. Petracek said they could do that.

Attorney Glaser explained that the salaries, if adjusted, would go into effect following the next election. He added that City Councils can't give themselves a raise. Discussion ensued.

Petracek stated he would have the Mayor and Council salary comparisons on the next workshop agenda.

Mayor Kurth stated he feels the fire fighter's wages should be adjusted even though the fire fighter's don't do it for the money. Finance Director Galiov stated the last time the wages for the fire department were adjusted was 2017. Discussion ensued.

Murphy suggested a 15% increase for all wage scales and increase the captain's pay by half of the assistant fire chief's salary. Discussion ensued.

The consensus of the Council was to increase all fire fighter wage scales by 15% and add a scale for the training officer of \$900/year. Petracek recommended a start date of January 1st 2020 so

that we can budget for these increases. He added he would have this on the next Council agenda for approval.

B. Discuss dead trees and tree trimming

Petracek stated he wanted to have a conversation with Council, as the complaints about dead trees and trees needing trimming has been increasing and the need to hire an outside consultant/contractor to help us fix this problem.

Attorney Glaser explained the legal approach to city involvement in private property tree maintenance. He stated that the City can, in certain circumstances, force a property owner to take down a dead tree or the City could do it and assess the costs to the property owner. Discussion ensued.

Petracek stated he would be working with public works to propose funds for the 2020 budget to hire a contractor/consultant to help us trim trees and work with property owners in the City to remove dead trees.

7. ACTION ITEMS:

A. Discuss Resolution NO. 19-14 – Jackson Avenue Street
Improvements/Jackson Avenue Survey Results

Petracek gave a brief overview of the survey results from the Jackson Ave. residents.

Devries asked City Engineer Winter about the existing curb on Jackson Ave. Winter stated it is bituminous curb and if a mill and overlay is approved, they would mill off the asphalt up to the curb. Devries also asked about standing water on Jackson Ave. Winter stated that a Mill and Overlay would fix the problem in the fact that the potholes on the road would be gone.

Winters explained to the Council that even though a total reconstruction of the street is being considered, he is still recommending a mill & overlay because of the 60 year life span of the existing road and the Council would be cutting the lifespan short if a full reconstruction was considered at this point. Discussion ensued.

Jan Phillips, 9127 Jackson Ave, explained that she had emailed the Mayor and he was going door-to-door to talk to each resident and asked for those results. Petracek stated the Mayor had spoken with 10 residents, but as far as the conversations he had with each resident, Petracek didn't have those details. Discussion ensued.

Councilmember Devries made a motion to approve Resolution 19-14 Jackson Avenue Street Improvements. Councilmember Murphy seconded the motion. Motion carried 3-0.

RE: 2020 CLPD Budget

DATE: July 11, 2019

INTRODUCTION:

Our budget is constructed within the framework of our Mission, organizational philosophy, strategic plan, and approach to policing and problem-solving. We operate in a fiscally conservative environment and we strive to use our allocated resources wisely. An underlying principle of our budget process is to balance local economic conditions with the need to provide quality law enforcement and safety services to our citizens.

To achieve this goal, we have tried to maintain expenditures at or near current levels whenever possible and to reduce spending in non-critical areas. In recent years we have come in under budget and over the last eight years we have restored our reserve fund to recommended levels.

At the same time, we have sought to provide quality equipment and training to our officers and to ensure adequate staffing levels to meet the safety and service needs of our three Cities. We have hired quality personnel at all levels of the organization and we have sought to provide people with the sort of training, equipment, policies, and leadership that allows us to function at a high level.

Having well-trained and well-equipped police officers reduces liability, improves services, retains employees, and ensures the safety, welfare, and effectiveness of our personnel. Adequate staffing, good training, and quality equipment supports the health, morale, and well-being of our officers, as well as the protection of our citizens.

2020 BUDGET OVERVIEW:

Our total proposed expenditures/budget for 2020 is \$2,627,439. This figure represents a modest 2.3% increase over the adopted 2019 budget. Our overall budget consists of personnel costs, supplies, utilities, building maintenance, contracted services, and equipment. There are no new or additional personnel or program costs proposed in this budget.

However, you will notice a new line-item (901-42-2100-320) included in the 2020 budget. This item covers the cost of an agreement with Roseville IT for computer and telephone service and support, enhanced computer security, firewall protection, and maintenance. This service is essential in maintaining, and in some cases meeting mandated, computer security (especially in a law enforcement agency).

We have experienced a sizeable increase in our Worker's Compensation Insurance (901-42-2100-150). This is due in part to an overall increase in insurance rates and to a particular compensation claim that is still without a resolution. Rates are based on three years of experience and are most often out of our control.

Per our vehicle rotation plan, we will be purchasing two new squads next year. Other non-capitalized and capitalized items include such things as desk chairs, low voltage camera system upgrade, office computers, squad printers, body bunkers, etc. We have been making every effort to keep our building (both interior and exterior) and our patrol vehicles in good order.

Our reserve fund remains very healthy and we anticipate a sizeable monetary return for our participation in a Federal equitable sharing matter. It is anticipated that in part the equitable sharing funds will be devoted to the mandated upgrade of our radio communications equipment (including squad and portable radios).

FUNDING FORMULA:

Due to fluctuations in population, calls for service and the severity of each call, arrests, as well as other variables the budgetary costs to each of our three cities are based on a three-year average. We use an IACP (International Association of Chiefs of Police) to determine the annual cost to each City.

We anticipate that for the 2020 budget the costs to the Cities of Lexington and Centerville will actually decrease by 0.7%. The costs to the City of Circle Pines will increase by 6.7%.
