Master Control

Programming Coordinator,

Michele Silvester, along with help from Eric Houston and Trevor Scholl, is responsible for processing and scheduling the programming on the City channels. There are three categories of programs that are scheduled on the City channels; live and replayed meetings, NMTV staff created video content, and informational graphics pages. All categories of programming must be encoded, scheduled, and entered into the Tightrope playback system or entered into the Carousel video files. As each live meeting is being recorded at City Hall, it is routed to the North Metro TV head-end and then sent out over the cable system live. At the same time it is also encoded on a server for future playbacks. The following meetings were processed in June:

19 New Programs		19:17:25 New Hours

Meetings are scheduled for replay based on schedules requested by each City. Additional longer-length video programming produced by NMTV staff is also scheduled on the channels. With the arrival of the Carousel units, shorter-length videos and promos are loaded onto those devices, rather than being scheduled as separate playbacks. The short videos cycle through, with graphics pages, and play on the channels whenever a scheduled program is not playing. Depending on whether a City selected the split screen or full screen Carousel option, the shorter videos are cycling 24 hours a day. The table below outlines how many times a longer-length video program was entered into the Tightrope system, and played back on each City channel.

City	Number of Times Programs Played	Hours Programmed on Channel
Blaine	196	220:17:59
Centerville	58	83:51:13

Circle Pines	154	97:44:35

Lexington	117	136:52:44
Lino Lakes	91	66:34:33
Spring Lake Park	133	163:59:18
Totals:	832 Program Playbacks	843:05:03 Hours of Video Programming on Channels

The last category of programming on City channels consists of bulletin board, or graphics pages, that display information about the City or about events and issues of interest to citizens. With the installation of the new Carousel units complete, Eric Houston has assumed responsibility for updating the information on all seven channels. He works closely with each City's representative to ensure that all requested data slides are created and posted to the satisfaction of the City. Even though Eric is doing the work of creating the data pages, the Cities will always maintain editorial control. In addition to the graphics pages, the new Carousel units play video. Trevor Scholl is responsible for encoding any videos that will be displayed. The following work was done for City Carousel units in June:

Meetings on Demand

NMTV has created a video on demand service, with line-item bookmarking, for our Cities' meetings. In order to accomplish this, each encoded meeting has to undergo several steps. The meeting must first be transferred and transcoded from the playback server to the video on demand server. The length of time necessary for this varies based on the length of the meeting and whether it is recorded in SD or HD. Once that is done, a staff member must go through the meeting entering a bookmark at the start of each meeting line-item, and type in the corresponding line-item information. Staff utilizes marked agendas provided by City staff members for this step. If marked agendas aren't provided by City staff we go to the City website to find unmarked agendas and place the meeting on VOD without bookmarks. Once that is done and saved the bookmarked meeting is then linked to the NMTV website's city meeting page for video on demand. The following number of meetings were bookmarked and/or placed on VOD for the Cities in June:

- **Blaine**
4 meetings bookmarked and placed on VOD.
- **Centerville**

Graduations and Parades

It wouldn't be June without graduations and the start of "parade season." Both the Blaine and Centennial High School graduation ceremonies were streamed live on the website, on the channels, and were recorded for additional playbacks. Flyers are distributed to students, as part of their graduation packets, letting them know that blu-rays are available for sale

on the NMTV website. Spring Lake Park High School chooses to record its graduation ceremony internally. June also includes coverage of three parades. Things start off with the Spring Lake Park Tower Days Parade, followed by a paid gig recording the Columbia Heights Jamboree Days Parade, and ending with the Blaine Festival parade. All of the parades will be cablecast on both the public and corresponding City channels.

Internal City Production

In addition to producing programs for playback on the city channels, Municipal Producer, Trevor Scholl, also works with cities to meet their internal video production needs. In June, Blaine asked to have a public works training session recorded so that staff members, who were unable to attend the session, could watch the video at a later time.

Get Connected

Trevor Scholl produced the second episode of Get Connected in June. The intent of the program is to provide a forum for cities to keep their residents and businesses informed about upcoming events. This episode features Lino Lakes Firefighter Brian Finke and Lino Lakes Recreation Supervisor Brian Hronski highlighting the city's summer sports programs, safety camp, Rockin' in the Park, and the Blue Heron Days festival events. The idea for the program came from a Lino Lakes city staff member.

NMTV Building Projects

A couple of building maintenance projects are underway at NMTV. First, the parking lot is being repaired, sealed and restriped. Second, some landscaping and foundation/water management repairs are being done. Most of the trees and bushes on the property have been trimmed, some out of control arborvite have been replaced with smaller bushes, and a negative drainage grade around two sides of the building is in the process of being corrected.

Summer Mayor's Minutes

Three summer episodes of Mayor's Minutes are in production. Lexington and Lino Lakes are completed and Centerville's has been shot. The show offers Mayor's the opportunity to summarize the projects and events taking place in their city.

City Productions

Municipal Producer, Trevor Scholl, completed the second episode of the Blaine PD Training series and the second episode of Get Connected. He continued to produce summer Mayor's Minutes and City festival highlights, plus did an in-house recording job for the City of Blaine's Public Works Department.
