Video Production

Municipal Producer, Trevor Scholl, completed six productions in June. The shows include an episode of Mayor's Minutes, coverage of the Spring Lake Park blood drive, re-edits of several news stories, and a meeting for the City of Blaine. Programs were also produced by T.J. Tronson, Danika Peterson, Rusty Ray, Kenton Kipp and Jeremy Millington for the city channels. Trevor reaches out to city officials and department contacts, every month, regarding potential programming for the channels. City staff and elected officials are encouraged to contact Trevor with any ideas or requests for programming.

Blaine

- 6.28.21: Ben requested a TV to play video using a USB stick for an upcoming event. We did not have a TV available, but recommended using a Brightsign player.
- 6.30.21: Trouble with city channel Brightsign player. Turned out an HDMI to SDI converter died. Fixed.

Centerville

- 6.3.21: Danika Peterson reported audio trouble during a meeting. Chamber monitors were also having intermittent issues. Set up a time to troubleshoot.
- 6.4.21: Met at City Hall. Fixed audio problem by cycling the power on an AJA converter. For some reason the converter had stopped passing the signal. Showed Danika and Teresa how to do it, should it happen again. Reset the monitor's internal setting to factory default. Now working.
- 6.4.21: Received system diagrams from Z Systems.
- 6.14.21: Camera settings off. Danika re-set macros and it seemed to fix problem. Told her how to manually re-set white balance.

Channel Management

Programming Coordinator, Michele Silvester, along with help from Eric Houston, and Trevor Scholl, is responsible for processing and scheduling the programming on the City channels. There are three categories of programs that are scheduled on the City channels; live and replayed meetings, NMTV staff created video content, and informational graphics pages. All categories of programming must be encoded, scheduled, and entered into the Tightrope playback system or entered into the Carousel video files. As each live meeting is being recorded at City Hall, it is routed to the North Metro TV head-end and

then sent out over the cable system live. At the same time it is also encoded on a server for future playbacks. The following meetings were processed in June:

Meetings are scheduled for replay based on schedules requested by each City. Additional longer-length video programming, produced by NMTV staff, is also scheduled on the channels. With the arrival of the Carousel units, shorter-length videos and promos are loaded onto those devices, rather than being scheduled as separate playbacks. The short videos cycle through, with graphics pages, and play on the channels whenever a scheduled program is not playing. Depending on whether a City selected the split screen or full screen Carousel option, the shorter videos are cycling 24 hours a day. The table below outlines how many times a longer-length video program was entered into the Tightrope system, and played back on each City channel.

City	Number of Times Programs Played	Hours Programmed on Channel
Blaine	161	186:42:18
Centerville	68	120:18:31
Circle Pines	144	73:41:22
Ham Lake	64	75:24:55
Lexington	99	64:19:59
Lino Lakes	78	71:03:48
Spring Lake Park	99	67:59:38
Totals:	713 Program Playbacks	639:30:31 Hours of Video Programming on Channels

The last category of programming on City channels consists of bulletin board, or graphics pages, that display information about the City or about events and issues of interest to citizens. With the installation of the Carousel units, Eric Houston has assumed responsibility for updating the information on all seven channels. He works closely with each City's representative to ensure that all requested data slides are created and posted to the satisfaction of the City. Even though Eric is doing the work of creating the data pages, the Cities maintain editorial control. In addition to the graphics pages, the Carousel units play video. Trevor Scholl is responsible for encoding any short videos that are displayed. The following work was done for City Carousel units in June:

Blaine

- Transcoded and uploaded 6 videos to Carousel.

Centerville

- Transcoded and uploaded 2 videos to Carousel.
- Followed up with city staff after zoom bombing incident

Circle Pines

- Transcoded and uploaded 1 video to Carousel.

Ham Lake

- Transcoded and uploaded 1 video to Carousel.
- Created 3 new data pages for Carousel.

Lexington

Lino Lakes

Spring Lake Park

- Transcoded and uploaded 2 videos to Carousel.
- Created 3 new data pages for Carousel.

Meetings on Demand

NMTV has created a video on demand service, with line-item bookmarking, for our Cities' meetings. In order to accomplish this, each encoded meeting has to undergo several steps. The meeting must first be transferred and transcoded from the playback server to the video on demand server. Once that is done, a staff member must go through the meeting entering a bookmark at the start of each meeting line-item, and enter the corresponding line-item information. Next, the meeting is linked to the NMTV website's city meeting page for video on demand. The following number of meetings were bookmarked and/or placed on VOD for the Cities in June:

Blaine

- 4 meetings bookmarked and placed on VOD.

Centerville

- 6 meetings bookmarked and placed on VOD.

Circle Pines

- 4 meetings bookmarked and placed on VOD.

Ham Lake

- 4 meetings bookmarked and placed on VOD.

Lexington

Lino Lakes

Graduations and Parades

It wouldn't be June without graduations and the start of "parade season." Both the Blaine and Centennial High School graduation ceremonies were streamed live on the website, channels, Youtube, Facebook, and were recorded for additional playbacks. Flyers are distributed to students, as part of their graduation packets, letting them know that blu-rays are available for sale on the NMTV website. This year, the Coon Rapids High School Graduation took place at the same venue, just before the Blaine graduation. The facility would only allow one production truck, so we also recorded that graduation. Spring Lake Park High School chooses to record its graduation ceremony internally. June also includes coverage of parades. We were hired to record the Columbia Heights Jamboree Days Parade, and followed with the Blaine Festival parade. All Member City parades are cablecast on both the public and corresponding City channels.

Anoka County Empowers Youth Program

NMTV began working with two young men through the Empowers Program at the Anoka County Job Training Center in June. (Anyone partnered with NMTV, through the job training partnership, is employed and paid by the program, but works under the direct supervision of North Metro TV staff.) Ben and Carter work on Tuesdays and Thursdays helping Studio Manager, Eric Houston, with a variety of jobs. They've already done photo editing, document scanning, video logging and participated in their first video production. The famous Oscar Meyer Wienermobile was at the Spring Lake Park HyVee, so Eric, Ben and Carter decided to produce a story about it. Carter and Ben assisted with microphones and equipment, and then helped edit the video and recorded voice-over narration. Their story was included as part of NMTV News. After being sent a link to the story, Darcy Hokkanen, Program Coordinator for the Anoka County Job Training Center, had this to say. "This is beyond awesome! The opportunity you are

giving these two youth is amazing!.... Words are not enough to thank you for your partnership and the great experience you are giving these two young men."

Master Gardener Series

What started out as a news story on building your own composter, turned into a series of videos on gardening, with University of Minnesota Extension Service Master Gardener, Tim Baland. The news team has been working with Tim all summer to produce eight more videos offering helpful advice and tips regarding common gardening projects. Topics include:

- Midget Cantaloupe in Pots
- Potatoes in Containers
- Using Seed Tape
- Apple Tree Planting
- Summer Maintenance
- Composter Update
- Protecting Fruit Trees
- Watering Techniques

The stories are first aired on NMTV News but can also be found playing on City channels and on Youtube.

City Productions

Memorandum

TO: City Council
FROM: Kurt Glaser, City Attorney
DATE: July 28, 2021
RE: Application for Conditional Use Permits
9002 North Service Drive

SUMMARY:

Staff recommends granting this renewed Conditional Use Permit for George's Texaco located at 9002 North Service Drive.

DISCUSSION:

The property owner is asking the City to reapprove this CUP because it expired.

The Council and the Planning and Zoning Commission approved this Conditional Use Permit in 2018. The property owner did not complete construction on the property or complete putting together information to file this CUP until recently. The previous approval of this CUP expired in 2019. The property owner is simply asking the Council to reapprove this CUP because it expired.

CITY OF LEXINGTON, ANOKA COUNTY, MINN.

Findings and Decision

On August 6, 2018, the Planning & Zoning Commission held a public hearing to consider a request of Anthony Sholts for a conditional use permit for use as an automobile service station and automobile sales lot for property located at 9002 Lake Drive, Lexington, Minnesota, legally described as:

THAT PRT OF NW 1/4 OF NE 1/4 SEC 35 TWP 31 RGE 23 DESC AS FOL: COM AT SW COR OF LOT 2 BLK 6 LEXINGTON CENTER, AT INTER/W NWLY R/W LINE OF STATE T H NO 8 (AKA CSAH NO 23), TH SWLY ALG SD R/W LINE 734FT, TH DEFL TO RT 42 DEG 45 MIN 520.05 FT, TH DEFL TO LFT 91 DEG 07 MIN 441.2 FT TO PT OF INTER/W NWLY R/W LINE OF A 24 FT SERVICE RD, ADJ TO NWLY R/W LINE OF STATE T H NO 8, TH SWLY ALG SD NWLY R/WLINE OF SD SERVICE RD 186.25 FT TO POB, TH DEFL TO RT 66 DEG 51 MIN 118.20 FT TO ITS INTER/W W LINE OF SD 1/4 , 1/4, TH S ALG SD W LINE 175.76 FT TO ITS INTER/W T HE NWLY R/W LINE OF STATE T H NO 8,TH NELY ALG SD NWLY R/W LINE 172 FT, TH DEFL TO LFT 113 DEG 09 MIN 26.10 FT TO POB; EX RDS; SUBJ TO EASE OF REC

FINDINGS:

- 1) The Planning and Zoning Commission heard and considered all testimony of interested persons submitted in writing prior to and in person during the public hearing.
- 2) The proposed use is consistent with the Comprehensive Plan.
- 3) The proposed use is consistent with the past and existing uses on the site.
- 4) The site contains an old Texaco service station on a triangle-shaped parcel in the M-1 zoning district. Applicant intends to rehabilitate the building and lot. He intends to operate an automobile service station and automobile sales lot. The business will not sell gasoline. Both of these are allowed uses in an M-1 zone with a Conditional Use Permit. Until recently, the business on the site operated as an automobile service station. However, that business operated as a non-conforming use. The prior business did not meet zoning and performance standards for building setbacks, open space, screening or parking. The site is virtually unbuildable by current zoning standards due to its unusual shape and small size. Rehabilitating the existing building is the highest and best use for that parcel.
- 5) The applicant is willing to conform to conditions in the draft Conditional Use Permit attached hereto.

RECOMMENDATION:

The Planning Commission finds that the standards for granting a Conditional Use Permit have been met and recommends that the City Council approve the Conditional Use Permit, subject to the conditions contained in the draft CUP attached hereto.

CITY COUNCIL DECISION:

Findings and recommendation are PASSED AND DULY ADOPTED this ____ day of _____ 2021 by the City Council of the City of Lexington.

Subject: Payment #1 for 2021 Street Improvement Project
Date: July 28, 2021

Please find the attached Final Payment #1 in the amount of \$137,079.41. The base course has been placed on the Ryan Place and Memorial Park. The Contractor proposed to reclaim the pavement in Memorial Park and Ryan Place. We agreed to have them reclaim those areas because of the cost savings and benefit to the City. The rest of the project was slowed because the stormwater catch basins took time to build after they were approved on the Change Order #1. The catch basins and the concrete curb and gutter will be replaced the last week in July then the rest of the paving will be scheduled soon.

The salt shed paving and restoration had to be put on hold until the salt shed is built. That salt shed project will finally be started very soon.

Attached is the Final Payment #1 for your review and consideration. We recommend that the Council approve this payment request at the upcoming council meeting. The payment amount is to North Valley Inc. in the amount of \$137,079.41.

If you have any questions, please feel free to contact us at (612) 548-3132. Thank you very much.
